- A single extension (line or channel) – denotes the number of simultaneous calls that can be made on a trunk
- A maximum of one phone number (Direct in-Dial number) per service

**MRC (Monthly Recurring Charge):** Registered SIP Endpoint MRC is payable each month commencing on the Start Date of the Endpoint and ending on cancellation of the Endpoint in accordance with the Agreement.

**Order Cancellation:** Once you receive notification that your order has been submitted to our carrier, your order will be classified as "In Progress". At this stage, if you wish to cancel due to change of mind, no refund will be provided. Once the service is activated, a 15-day notification is required to cancel an active service. No pro-rata credits or refunds are offered for cancelling accounts. Please bare this in mind if you need to cancel a service.

**Relocation:**

If the customer moves or relocates (change of address), there are no charge or fees when staying with InfiNET Broadband and we will manage this for you.

**Billing:**

InfiNET Broadband will bill you in advance for the minimum monthly charge. On completion of signing-up, your first month of monthly charges will be charged in advance. This payment will be applied to your account and an invoice made available within the customer portal. Billing for your service will commence on the day that the VoIP service activation is completed and we will notify you once the service is activated. The InfiNET billing cycle will then start on this date and reoccur on the same date each month.

**Additional account fees:**

The following account fees apply to the InfiNET Broadband payment methods:

- Direct debit fee: \$0.00 cent per transaction (Free)
- Australian VISA/Mastercard surcharge: 1.75% + \$0.30 cents
- International Cards: 2.9% + \$0.30 cents
- Bounced/failed direct debit fee: \$10.00
- Paper Bill Fee: \$3.50

**Late payment fee:**

If your account is not paid in full within 15 days after the monthly due date a late payment fee of \$15 + GST will apply.

**Connection Timeframes:**

InfiNET Broadband will process and connect your VoIP service as quickly as possible. We rely on our carrier to complete the provisioning of the VoIP number or porting of existing number/s. The porting of an existing number can be between 10-20 days as is dependent on the carrier who currently holds the number.

**Required Hardware:**

An NBN ready modem/router is required to connect this service. InfiNET Broadband recommend using one of our supplied modem/routers that come preconfigured. Please check our website for current pricing. InfiNET Broadband do support BYO modem/routers but they must be compatible with the NBN connection being delivered to your property. InfiNET Broadband will provide limited 'best effort' support for BYO devices, so you must be capable of configuring it yourself.

You will also need a suitable VoIP phone using an adapter or VoIP router. The InfiNET Broadband routers that we supply (for an additional cost) are VoIP enabled.
